NAMES

We all say that our children are our future. In 2013-2014, 5,866 people made generous donations in support of our future, our children, our schools and our community.

Since 1983, Manhattan Beach Education Foundation (MBEF) has helped implement inspirational educational programs for all students in our public schools. Unlike other states where the counties decide how much to allocate to education, California per student funding is determined at the state level. In 2013-14 we received roughly \$6500, which puts us at the bottom of the country in per pupil funding.

With an investment of more than \$5.7M from our community, we are able to increase per student spending by 10%. Our outcomes speak for themselves. MBUSD is among the top three K-12 school districts statewide. Forbes has named Manhattan Beach the #1 city nationwide for the best bang for the real estate buck. Our test scores continue to climb, and our graduates go on to some of the finest schools in the country (see pages 7-8).

This year, through your donations to MBEF we will pay for over 70 educators. This includes reading and math specialists, Elementary PE, 40% of all music teachers, science specialists, librarians, guidance counselors, college and career counselors and much more (see pages 3-5).

None of this would be possible without the generosity, time and commitment of every name listed here.

We want to take this opportunity to thank you all individually for your support.

Thank you, 5866 Times!

## — ABOUT OUR GRANTS —

### DISTRICTWIDE

#### TEACHERS ON SPECIAL ASSIGNMENT (TOSA) 21ST CENTURY LEARNING AND WRITING

There have been great changes in the use of technology and the consistency of writing instruction. These 2 TOSAs will lead continuous improvement efforts throughout the entire district in these important areas of growth.

#### MUSIC PROGRAM

MBEF covers 40% of all Music instructional costs K-12. Through your investment, the music program in MBUSD has experienced phenomenal growth and success. 100% of students in grades 1-5 receive weekly music instruction. Many students continue to develop their passion for music in middle school and at our Grammy Award winning high school program.

#### K-8 LIBRARY SPECIALISTS, AND 9-12 LIBRARIAN

This grant will fund 6 Library Specialists and one Certificated Librarian who will hold the school-based libraries open every hour that school is in session. These educators not only maintain the libraries, but they work with all teachers to help our students learn the research and media literacy skills they need to be successful. MBEF supports a full-time credentialed Librarian in the Mira Costa high school library who maintains a Technology research lab and a complete library collection.

### ELEMENTARY

#### PHYSICAL EDUCATION

We are proud to support the return of credentialed physical education teachers to the elementary schools. PE Teachers will provide 100 minutes of high quality physical education and sportsmanship each week.

#### READING SPECIALISTS

This grant funds 5 Credentialed Teachers who work with students to increase reading proficiency. Specialists also work with all elementary teachers to promote high quality reading instruction in all schools.

#### SCIENCE SPECIALISTS

This grant funds 5 credentialed Science Specialists, who provide 100% of elementary students with project-based learning opportunities that strengthen students' passion for science.

#### TECHNOLOGY TOSAS

Our students now have access to technology in grades 3-8, this grant will fund two experienced TOSAs who will implement best practices and support teachers to effectively integrate technology into instruction

#### CLASS SIZE REDUCTION

Per our recent survey, this is the grant that our parents and teachers appreciate most. MBEF is continuing its commitment to keep our class sizes low. Our K-3 classrooms are set at a maximum of 24:1. With MBEF's support, class sizes in grades 4-12 are also lower than they would be without your investment.

# SECONDARY

## TEACHER ON SPECIAL ASSIGNMENT (TOSA) SECONDARY AND COMMON CORE MATH

Recent district-wide data and parent feedback has shown that we need to strengthen our Math program at the secondary level. This new grant will fund a teacher leader who will provide best practices, coaching and support for teachers throughout the district.

## ENGLISH AND HUMANITIES CLASS SIZE REDUCTION

MBEF provides additional English and Humanities classes. These smaller class sizes allow our English and Humanities teachers to provide students with more focused and frequent writing feedback.

## 6-12 GUIDANCE COUNSELORS AND STUDENT ACADEMIC SUPPORT PROGRAM (SAS)

MBEF funds the counseling and SAS programs at both MBMS and MCHS. Counselors play an essential role for all students in academic guidance, personal counseling and life planning. Through your investment, when most public schools have drastically reduced counselors, our ratios have improved.

## 6-12 EXTENDED SCHOOL-DAY

which allows students to add a 7th period, so that students who are involved in extracurricular activities can fulfill course requirements, fit in more AP classes and take additional elective courses. More than 40% of MCHS students take advantage of this program.

## MBMS WHEEL ENHANCEMENT

One of the hallmarks of an excellent school is its ability to inspire students through a variety of innovative electives. Our enhanced Wheel program offers middle school students with a range of electives, including hands on electives such as Film and Drama.

## MCHS COLLEGE AND CAREER COUNSELING

MCHS has two full-time college and career counselors and one assistant devoted to coaching our students and helping them navigate the often overwhelming college application process. This program is essential and will ensure that our students continue to attend inspirational institutions across the globe (see pages 7-8 for data on this year).

## MCHS SCIENCE LAB ASSISTANT

The Lab Assistant supports science teachers by making lab instruction organized, efficient and inspired! In our state-of-the-art Math and Science building, the Lab Assistant helps teachers to strengthen students' learning through hands-on projects.

# PUBLIC SCHOOL: — WHY PRIVATE DONATIONS? —

When we were kids, our parents could take excellent public education for granted. We had great schools and parents weren't asked to donate. California ranked at the top of the country in per pupil funding.

In the 1980s, Proposition 13 and legal rulings limited a community's ability to tax its residents to pay for schools. Our property taxes, high as they are, no longer stay in Manhattan Beach. Today, Manhattan Beach receives education funds from Sacramento, and California ranks at the bottom of the nation in per-pupil funding. As a result, many communities have formed education foundations to pay for important but underfunded programs: Smaller class sizes, libraries, music, science specialists, guidance and college counselors and much more.

# MANHATTAN BEACH HAS — NO PARCEL TAX FOR SCHOOLS —

Despite ever-shrinking state funds, our district is currently ranked third best in California. And it's the only top unified school district without a parcel tax, utility tax, or both, to supplement state funding. Instead it has our generous community and MBEF to fill the gap.

## PARCEL TAX REVENUE 2012-13

District	Parcel Tax Amount	Annual Revenue from Parcel Tax	% of District Budget	API Rank
SAN MARINO	\$1,169	\$5,565,219	16.4%	1

# GREAT SCHOOLS FOREVER

“Great schools today, great schools forever”. This is the goal of the Manhattan Beach Education Foundation and the MBEF Endowment — two great organizations, with a shared mission to provide excellent education in our community. MBEF exists to support quality public education here in Manhattan Beach today, while the Endowment works to ensure that students in our community will benefit from high quality educational programs for many years to come. 2013 was an exceptional year for the MBEF Endowment — which grew by over \$2.5 million in new gifts and investment gains. Patterned after successful university endowment funds, the MBEF Endowment continues to generate sustainable gains year after year for longer-term growth. Today, thanks to the generous support of community members and parents, the Endowment is over \$12 million and continuing to climb.

MBEF has a successful thirty plus year history of providing a way for parents to make a meaningful, positive investment in their children’s education. As a myriad of challenges continue to face public education in our state, the Endowment’s support will become even more crucial. We at the MBEF Endowment have one mission – to grow the Endowment through our partnerships with community members and parents. Ambitious gifts from our supporters, and strong long-term investment returns will enable MBEF to achieve its goal of great Manhattan Beach public schools forever. So no matter what happens to state budgets and funding, our public schools will continue to achieve the level of excellence all children deserve.

To learn more about the MBEF Endowment, please visit [www.endowment.mbef.org](http://www.endowment.mbef.org) or call us at **310.303.3342**.

This year the Endowment made its first disbursement of \$116K to MBEF to use in grants for the 2014-2015 school year (see page 3-5).

# CLASS OF 2014 FOREVER

In 2013 the MBEF Endowment launched the Mira Costa Forever Fund — an annual fund to honor graduating seniors. In our second year, our generous parents donated over \$3,600 to the Class of 2014 Forever Fund. Thanks to all who made a gift in honor of their graduating seniors!
