Every Child. Every Day.

YOU, our parents, business leaders, educators and community members, are critical partners in providing **every child** in our community with exceptional educational opportunities, **every day**.

The funding our District receives from the state is simply not enough. Throughout the country, counties are empowered to decide how much funding to invest in their local education systems. In California, per-pupil funding is determined at the state level. All schools receive funding on a per-pupil basis, and districts with greater numbers of students who qualify for free and reduced lunch, and are English Language Learners receive additional funding. As a result, in 2016/17 MBUSD received roughly \$9,600 per student, putting our funding level at the bottom of the state and the country.

With an investment of more than \$6M from our community, MBEF is able to increase per student spending by nearly 9%. In the 2017/18 school year, donations to MBEF will pay for 73 educators, offering our children music, hands-on science, physical education, stronger math, reading, writing and technology instruction, librarians, and electives like STEM, film and robotics. Your support drastically improves student-to-teacher and student-to-counselor ratios, providing our children with both academic and social-emotional support. These opportunities for our children would not be possible without the generosity, time and commitment of all community stakeholders.

Our outcomes speak for themselves. MBUSD is among the top K-12 school districts statewide and our students go on to attend some of the most prestigious colleges and universities in the country. Our schools and our students excel because we have an engaged community that is willing to invest time and money in our children's education and future. **None of this would be possible without your generosity and commitment.**

Thank you!

Every child is touched **every day** by the programs MBEF funds. Many of our District's programs and positions would be eliminated if not for your investment and the generous support of our community.

PUBLIC SCHOOL: WHY PRIVATE DOLLARS?

You have heard again and again that funding for our schools is inadequate. But few people understand WHY. There are four main factors that impact school funding in our District.

State funding for education in California is inadequate. California ranks 44th in the nation in school funding, and 50th in both student-to-teacher and student-to-counselor ratios. While states like New York and New Jersey average over \$20,000 per pupil, last year, MBUSD received roughly \$9,600 per pupil, putting our funding level at the BOTTOM of the state and the country. Without our community's investment, state funding for our schools does not meet our students' needs.

MBUSD is a Revenue Limit District. Only a small portion of our property taxes, high as they are, fund education. The formula to allocate property tax dollars is based on spending levels in the 1970s. At that time, MBUSD was a K-8 district and allocated a small portion of property taxes to schools. Proposition 13 and Assembly Bill 8 set the allotment of property taxes to education so that districts are unable to move additional tax dollars to schools. As a result, MBUSD is a Revenue Limit district and does not retain excess property taxes. Basic Aid districts, such as Palo Alto and Laguna Beach, funded education at a higher level in the 70s, so they retain excess property taxes. Because our property tax allocation is so low, most of the funding for our schools is subsidized by the state.

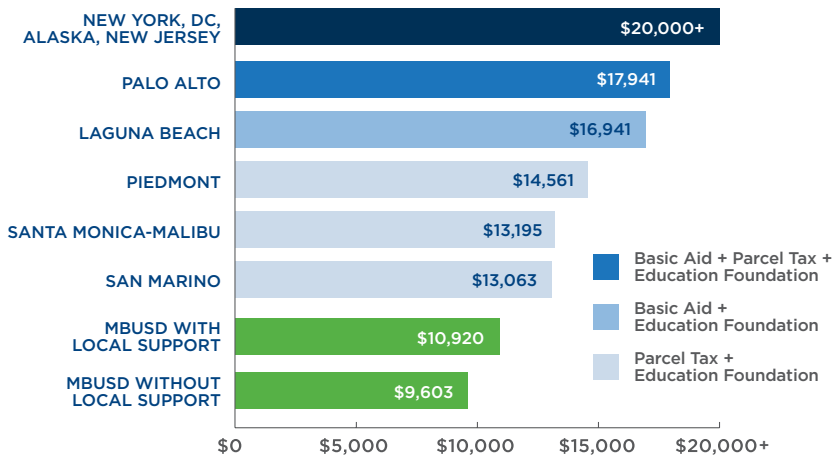

Our Students Do Not Qualify for Supplemental Funding. In 2013, California implemented Local Control Funding Formula (LCFF) to provide additional resources to public school districts with higher numbers of students who qualify for the Free and Reduced Lunch Program, are English Language Learners and/or are foster youth. Of ALL school districts in California, MBUSD has the LOWEST number of students who qualify for supplemental funding.

Manhattan Beach Does Not Have a Parcel Tax. Unlike many highly ranked districts in California, Manhattan Beach does not have a parcel tax to supplement state funding for our schools. A parcel tax is a flat tax assessed per parcel for ongoing educational expenses, such as teachers and enrichment. The districts listed below each have a parcel tax and a community-led foundation, like MBEF, that provides anywhere from \$1 million – \$6 million of funding each year.

PARCEL TAX FUNDING

	Annual Parcel Tax Amount	Annual Parcel Tax Revenue	% of District Budget
LA CAÑADA	\$450	\$2,700,000	6%
MANHATTAN BEACH	\$0	\$0	0%
PALO ALTO	\$758	\$15,000,000	7%
PALOS VERDES	\$374	\$7,501,869	7%
PIEDMONT	\$2,406	\$9,600,000	25%
SAN MARINO	\$1,195	\$5,565,219	14%
SANTA MONICA-MALIBU	\$336	\$11,800,000	8%

PER PUPIL FUNDING - 2015/16

MBUSD is frequently compared to a short list of districts throughout California that have strong student outcomes. However, our funding is very different from these districts. For example, as depicted in the Per Pupil Funding chart above, Palo Alto is a Basic Aid district and retains a large portion of their property taxes, and has both a sizeable parcel tax and education foundation. Similarly, Piedmont has a parcel tax that accounts for 25% of their district’s budget, as well as an education foundation.

MBEF is the only District-wide resource that funds teachers and enrichment. Your support of MBEF is critical to the quality of our public schools.

THE MBEF ENDOWMENT

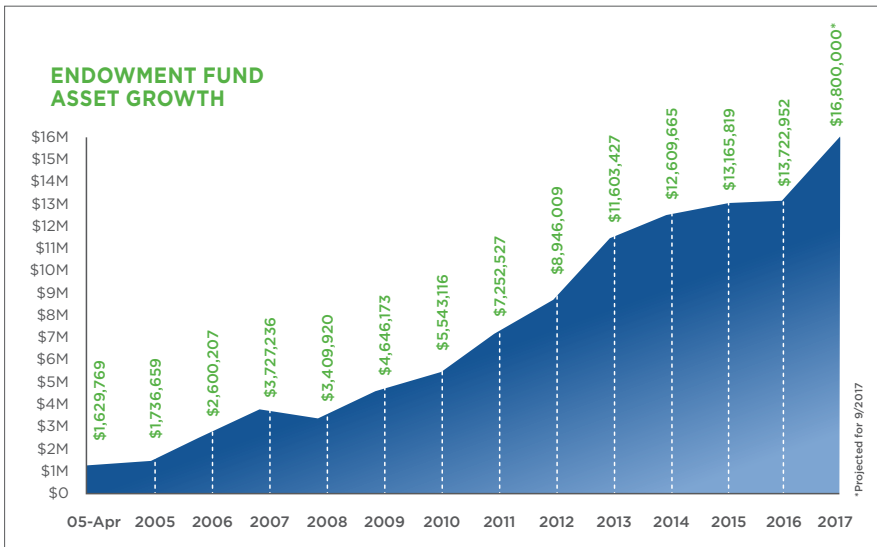

GREAT SCHOOLS TODAY, GREAT SCHOOLS FOREVER.

MBEF is one of the few public school education foundations with an endowment that provides a sustainable funding source dedicated to enhancing the quality of our public schools for generations to come. The MBEF Endowment protects our schools from the erratic fluctuations of state funding by creating a long-term, secure funding source. Monies are donated, placed in a fund and invested to generate income on an ongoing basis, while the original investment (principal) remains untouched.

Through ongoing contributions and prudent fiscal management, the MBEF Endowment principal has grown to \$16.8M. In 2017, the Endowment disbursed \$500,000 to fund MBEF programs for the 2017/18 school year.

This year, MBEF kicked off the \$20 Million by 2020 campaign with the goal of growing the Endowment to \$20M. At that time, the Endowment will disburse approximately \$1M to our schools every year. We are grateful to the many donors who have supported the Endowment over the years, and to our current and former volunteer Board and Investment Committee members whose expertise and guidance have helped us reach new milestones.

All 2016/17 Endowment donors are printed in Blue and Green in the Honor Roll on pages 21-52, on the campaign pages 53-54, and on the MBEF and Endowment websites.

To learn more about the MBEF Endowment, please visit www.endowment.mbef.org or call us at **310.303.3342**.

GRANT MAKING GUIDELINES

As a community-driven organization, MBEF strives to ensure our grants are reflective of parent and teacher priorities. We welcome feedback and regularly survey our stakeholders to help determine our strategic direction and funding priorities. To ensure continuity in our schools, the vast majority of our funding is committed to grants and positions from previous years. Each year MBEF's 35-member Board of Directors works with District leadership, school Principals, and teachers to identify programs that are most aligned with parent priorities and MBEF Grant Guidelines.

MBEF invests in programs that:

- ★ Strengthen schools from Kindergarten to graduation
- ★ Support academic excellence and personal growth
- ★ Reach as many students as possible
- ★ Achieve parity among all elementary schools
- ★ Promote innovation in teaching and learning
- ★ Align with the priorities of parents, teachers, and District goals

YOU ARE MBEF: COMMUNITY PRIORITIES

MBEF funds and advocates for enrichment programming, and ensures that the funds we grant are appropriately and effectively used. Like other not-for-profit foundations, MBEF is not involved in personnel relations, hiring, or management of District employees. We do not make decisions on the ways in which programs are implemented. This is important because by having a singular focus on advocating for programs, we strengthen our voice. In addition, this separation helps to maintain the autonomy of the District and MBUSD's elected School Board to ensure that no individual parent voice is more powerful than others.

Multiple measures are taken to ensure that our grants meet parent and teacher priorities.

Both parents and teachers are surveyed biennially to assess priorities and needs. Over 34% of parents and 75% of teachers responded to the 2016 Survey to share their insights. The MBEF Executive Director and President participate in independent meetings with each school Principal on an annual basis to assist in determining priorities. The MBEF team also connects with stakeholders regularly throughout the year. Most recently, MBEF hosted a Teacher Focus Group to provide a setting in which teachers could share their feedback on MBEF grants.

The MBEF Grant Committee, made up of 8 MBEF Board Members from all seven school sites, holds multiple meetings, including several with the Superintendent and Assistant Superintendent of Education Services, prior to the approval of all grants. During these meetings, priorities are discussed and potential programmatic solutions are proposed. Once determined that the proposed grants are feasible and are aligned with District goals, the Grant Committee takes the proposed grants to the MBEF Board of Directors for consideration.

The MBEF leadership team meets monthly with the Superintendent to ensure that the implementation of the programs funded by MBEF are meeting expectations.

CHANGES IN FUNDING FOR 2017/2018

Below are shifts in MBEF funding for the 2017/18 year that you will observe across the District. These changes represent a reallocation of last year's grants. Some shifts respond directly to the priorities identified in our surveys, and other changes are efforts to make existing programs and grants more effective and sustainable.

Common Sense Media (see District-Wide Grants on page 9)

Elementary Assistant Principal (see Elementary Grants on page 11)

Elementary Music Program - Sustainability Increase (see Elementary Grants on page 9)

Start-Up Violin Costs for Elementary Music Wheel (see Elementary Grants on page 12)

MakerSpace Assistants (see Elementary Grants on page 11)

MBMS Empathy and Inclusion Program (see MBMS Grants on page 13)

MCHS Math Teacher Leaders (see MCHS Grants on page 15)

MCHS Counselor Training and Working Sessions (see MCHS Grants on page 15)

MBEF FUNDED PROGRAMS

2017/2018 SCHOOL YEAR — \$6 MILLION IN GRANTS

DISTRICT-WIDE PROGRAMS: \$828,500

- Common Sense Media
- Data Evaluation and Program Assessment
- Innovation Grants to Teachers
- Literacy and Writing TOSA
- Math Professional Development K-12
- Music Teachers (48%)
- Social Inclusion Grants
- Teacher of the Year Awards

ELEMENTARY: \$1,822,180

- Artist in Residence Program (small grant to subsidize PTAs)
- Assistant Principal
- Class Size Reduction – K-3
- Library Specialists
- MakerSpace TOSA
- MakerSpace Assistants
- Math TOSA
- Physical Education Teachers
- Reading Specialists
- Start-up Violin Cost for New 3rd Grade Music Wheel
- STEM Teachers
- Technology TOSAs

MIDDLE SCHOOL: \$1,324,280

- Assistant Principal - Student Life
- Class Size Reduction
- Electives (Wheel, Film, Fab Lab, STEM, Art)
- Empathy and Inclusion Program
- Extra Period Classes
- Guidance and Academic Support Counselors
- Library Specialist
- Math Teacher Leader
- Next Generation Science Standards Teacher Leader

HIGH SCHOOL: \$2,048,085

- Class Size Reduction
- College and Career Counselors
- Counselor Training and Working Sessions
- Extra Period Classes
- Guidance and Academic Support Counselors
- Librarian
- Math Teacher Leaders
- Next Generation Science Standards Teacher Leader
- Science Lab Assistant

ABOUT OUR GRANTS

DISTRICT-WIDE: \$828,500

Common Sense Media: \$3,000*

MBEF will fund Common Sense Media to provide parent educational sessions on best practices in internet safety, media literacy and screen time management, particularly for grades 3-8.

Data Evaluation and Program Assessment: \$104,000

How well do our programs work? What shifts could we make in math, counseling and writing to strengthen our academic outcomes? The Director of Data, Assessment and Professional Development gives our District and MBEF the capacity to assess our programs, provides our educators with the data they need for improvements, and supports our ability to make strategic data-backed funding decisions.

Math Professional Development: \$61,000

Our District has received feedback from teachers and parents on the efficacy of the math professional development program during the transition to Common Core. This grant helps continue the work we have done over the past three years by connecting our District with Teacher-Leaders who provide best practices and coaching for teachers. All math teachers will benefit from professional development from Stanford University, UC Irvine and UCLA throughout the year.

Music: \$495,000*

Music, math and science achievement go hand in hand. MBEF funds 48% of music instruction K-12, and as a result, the music program at MBUSD has experienced phenomenal growth and success. All students in grades 1-5 receive weekly music instruction, which forms the foundation for our award-winning middle and high school programs. The opportunity to discover music at a young age may help a student discover a passion or talent, and has been proven to strengthen language development, increase IQ, improve spatial temporal skills and nurture responsibility and teamwork.

Our elementary music program has been significantly impacted with extremely large class sizes (60+ students), and our choir teacher serves more than 900 students a week. Additionally, there is growing concern about having students select between strings, band, or vocal music in 3rd grade without adequate exposure to each discipline. By funding a 50% certificated teacher for grades 1 and 2, we are able to improve student-to-teacher ratios in the music program as well as implement a “wheel” option for grade 3 to help expose students to each discipline. Going forward, third graders will have an opportunity to try the violin, recorder and choir, to make a more informed decision in grade 4.

Social Inclusion Grants: \$25,000

MBEF is pleased to continue funding programs that will inspire change and nurture a productive and honest dialogue in our schools, through the Social Inclusion Grants for the 2017/18 school year. Originally initiated by Malissia and Ron Clinton in 2015, the Social Inclusion Grants help to bridge the racial divide and create a more inclusive and supportive environment for all children. MBUSD students and teachers are encouraged to apply for small grants to introduce programs that will focus on celebrating and respecting diversity — racial, ethnic, religious, sexual, economic and cultural. Applications will be accepted through November 1, 2017.

Teachers Driving Innovation (TDI) Grants: \$25,000

MBEF will continue the TDI Grant Program for teachers and counselors throughout our District. Each TDI grant (\$250-\$6,000) provides our educators with an opportunity to exercise their passion for teaching, develop ideas, collaborate with colleagues, and connect with the wealth of knowledge, expertise and talent within MBUSD. Applications will be accepted through November 1, 2017.

Teacher of the Year Awards: \$4,500

Each year MBUSD recognizes one teacher from each school site as the Teacher of the Year, and one of those teachers is selected as the District-wide Teacher of the Year. With this grant, made possible by an endowment fund sponsored by Katy and Robert Nickell, MBUSD's seven Teachers of the Year will receive a monetary reward. This is an exciting opportunity to award the teachers who do so much for our children every day.

Teacher on Special Assignment (TOSA), Literacy and Writing: \$111,000

There have been significant changes in the manner in which we teach writing and literacy in schools throughout the country. MBEF helps ensure that each child's curriculum keeps pace with the changing world by funding a TOSA to lead continuous improvement efforts throughout the District in this important area of growth.

ELEMENTARY: \$1,822,180

Artist in Residence Program: \$25,000

Elementary students are introduced to cultural and performing arts through a 10-lesson 'residency' program presented by guest artists. Each residency meets the stringent California Visual and Performing Arts Standards, and reinforces classroom learning by tying to a unit of study or theme within each grade's curriculum. The Artist in Residence program is supported by the PTA and MBEF to enhance classroom learning, strengthen students' creative and artistic skills, build confidence, and broaden student exposure to a diverse array of experiences through the performing arts.

Class Size Reduction K-3/Additional Teachers: \$111,000

Class size reduction continues to be a top priority for parents and teachers. MBEF is continuing its commitment to keeping our class sizes low, and will help supplement state funding to the extent necessary. Our K-3 classrooms throughout the District are set at a maximum average of 24:1.

Elementary Assistant Principal: \$130,000*

Both Grand View and Pacific Elementary have almost 40% more students and teachers at their school sites than the other three elementary schools in the District. This shared Assistant Principal will support the MBEF goal of parity among schools, and will increase the capacity of the Principals at both sites to better meet student academic and social-emotional needs.

Library Specialists: \$202,800

Having access to a school library and knowing how to find your way around provides endless discoveries for students. This grant funds five Library Specialists – one for each of our five elementary schools. Library Specialists ensure that our school libraries are open for every student every hour that school is in session. In addition to maintaining the libraries, the Specialists work with all grade levels to help our students learn research and media literacy skills.

MakerSpace Assistants: \$150,000*

MakerSpace labs provide our students with an opportunity to learn STEAM (Science, Technology, Engineering, Art, and Math) skills. MakerSpaces provide creative, project-based and confidence-building ways to explore challenging concepts. Due to the tremendous success and demand for innovative lab experiences, our community has worked together to develop unique MakerSpace environments throughout our elementary schools. MBEF is funding MakerSpace Assistants who will support program implementation by preparing materials, assisting teachers in facilitating lessons, and organizing the Maker Labs.

*Shift in 2017/18 Funding

MakerSpace TOSA: \$55,000

As the interest and need for STEM curriculum continues, this grant allows for a Teacher on Special Assignment (TOSA) dedicated to helping the District integrate a dynamic MakerSpace curriculum in grades K-5 at all elementary sites. The underlying goal of a successful MakerSpace is to empower students to see themselves as inventors, builders and creators, and to learn problem-solving through trial and error. Having one District-wide lead will create synergy between the school sites and provide an opportunity for all K-5 students to explore the hands-on benefits of MakerSpace. The program will also benefit from MakerSpace assistants at each school to ensure the successful implementation.

Math TOSA: \$80,000

Our TOSAs have historically provided specialized coaching in academic areas that required more attention and growth, such as literacy, science and technology. MBEF will continue to fund a TOSA in math for grades K-5 to support the implementation of Common Core Math in the classroom.

Physical Education Teachers: \$239,200

MBEF is proud to support credentialed physical education teachers at the elementary schools. PE teachers provide 100 minutes of high quality physical education and sportsmanship each week to all students in grades 1-5. Research shows that physical activity can help children improve their concentration, memory, and classroom behavior, in addition to the physical health benefits.

Reading Specialists: \$395,300

From Kindergarten through third grade, children learn to read, and then they read to learn. Reading competency and comprehension ensures our students are on the right track for learning. This grant funds five credentialed teachers who work with students to increase reading proficiency for children on the entire reading spectrum. The Reading Specialists also work with all elementary teachers to promote high quality reading instruction for all students in the elementary schools.

Science Specialists: \$308,880

This grant funds five credentialed Science Specialists who provide all elementary students with hands-on lab experience and project-based learning opportunities that strengthen students' passion for science. All five teachers have participated in the Project Lead the Way training and will continue to infuse the curriculum with hands-on STEM projects that are aligned with Next Generation Science Standards.

Start-Up Violin Costs for Elementary Music Wheel: \$25,000*

MBEF is providing a one-time grant of \$25,000 to the District to purchase a classroom set of starter violins for each elementary school. This will make it possible for all third grade students who are participating in the Music Wheel to have an opportunity to play the violin for three months without having to purchase or lease an instrument.

*Shift in 2017/18 Funding

Technology TOSAs: \$100,000

Our students have access to technology in the classroom from Kindergarten through twelfth grade. To ensure that technology is being used effectively, this grant funds experienced Teachers on Special Assignment (TOSA) who will implement best practices and support teachers to integrate technology into instruction at the elementary level.

MANHATTAN BEACH MIDDLE SCHOOL: \$1,324,280

Assistant Principal – Student Life: \$130,000

With the introduction of the additional Assistant Principal focused on student life and parent engagement in 2016/17, the leadership team at MBMS was better able to meet the varying needs of our student body. In just one year they introduced the Second Step student wellness program, a Social Emotional Wellness Committee, Parent Education workshops, Professional Development focused on growth mindset and brain development, and student and teacher sessions focused on creating a more inclusive learning environment. The continued investment in this role will support our leadership to better meet the diverse needs of our students.

Class Size Reduction – Additional Teachers: \$284,149

Through this grant, MBEF provides additional funding to ensure class sizes are smaller at MBMS. Smaller classes allow our teachers to provide students with more individualized attention and more frequent feedback and instruction.

Counselors: \$379,000

MBEF funds 100% of Counseling and the Student Academic Support (SAS) Program at MBMS. Counselors play an essential role for all students in academic guidance, personal counseling and life planning. When a child needs help with scheduling, class selection or social issues, an advisor is always there, operating on the front lines.

Electives (Art, Drama, Fab Lab, Film): \$181,000

One of the hallmarks of an excellent school is its ability to inspire students through a variety of innovative electives. Our enhanced Wheel program offers middle school students a range of electives, including Computer Application, Visual Arts, Kitchen Commerce Connections, Film, Journalism, Yearbook and Drama.

Empathy and Inclusion Program: \$29,000*

MBMS is committed to developing a climate of care, where students are safe and respected. As part of that commitment, the administration would like to integrate lessons on empathy and social inclusion in partnership with the Manhattan Beach Police Department (MBPD). The program will include a tour of the Museum of Tolerance where students will explore themes such as the power of words, lessons from history, and going from bystander to ally. Students will then participate in the Southern Poverty Law Center's Teaching Tolerance curriculum. Girls will participate in the KIND campaign,

*Shift in 2017/18 Funding

a program that addresses girl-on-girl bullying and encourages girls to build each other up. Boys will engage in a set of presentations that address gender and cultural equity through the sharing of personal experiences and a facilitated discussion with MBMS staff and male MBPD officers. Additionally, teachers will integrate a focus on empathy by reading articles, watching videos, and participating in activities related to bias throughout the school year.

Extra Period Classes: \$74,000

This grant enables MBMS students to add an additional period so that they can fulfill course requirements and benefit from additional elective courses.

Library Specialist: \$53,250

Having access to a school library and knowing how to find your way around provides students with endless opportunities for discovery. MBEF supports a full-time Library Specialist to ensure that the MBMS Library is open every hour that school is in session. The specialist maintains the library and works with all teachers to help our students learn research and media literacy skills.

Math Teacher and Coach: \$103,000

One of the challenge points for our students has been the transition from elementary to middle school math. To support Common Core implementation at the secondary level, MBEF is funding a short-term position that provides greater collaboration, expertise and guidance. This teacher leader serves as a 6th grade math teacher and as a coach for other teachers, thereby reducing the ratio of students to teachers at this critical juncture.

STEM Based Electives: \$67,881

MBEF will continue to support additional units of STEM at the middle school, as well as additional course options in the STEM field. For 2017/18, students will have the option to explore Robotics, Fab Lab and other STEM related electives in 7th and 8th grade.

Next Generation Science Standards Teacher Leader: \$23,000

Current best practices and teacher feedback indicate that modeling teaching practices in a “demonstration lab” is key to building a teacher’s capacity in the classroom. This model creates a better system through which our District can provide teachers with pathways for growth, without taking our best teachers out of the classroom. This year MBEF will continue to support a teacher leader in science at MBMS to lead the implementation of the Next Generation Science Standards (NGSS) in the classroom.

MIRA COSTA HIGH SCHOOL: \$2,048,085

Class Size Reduction - Additional Teachers: \$153,485

Through this grant, MBEF provides additional funding to ensure class sizes are smaller at Mira Costa. Smaller classes allow our teachers to provide students with more individualized attention and more frequent feedback and instruction.

College and Career Counselors: \$285,000

MBEF funds 100% of two full-time college and career counselors and one assistant devoted to coaching our high school students and helping them navigate the college application process. This program is essential and ensures that our students apply to, and attend, inspirational institutions around the world. In 2016/17, the CCC expanded its hours to 11 per day, allowing greater access to students and parents.

Counselor Training and Working Sessions: \$10,600*

In the coming year, Mira Costa's Principal, Assistant Principal of Counseling, and all 10 MBEF-funded counselors in both the Guidance and College and Career Center, will engage in training and collaboration meetings. This will provide an opportunity for the counselors to meet as a group and seek alignment on counseling guidelines and practices.

Extra Period Classes: \$611,000

This grant enables Mira Costa students to add an additional period so they can fulfill course requirements, participate in AP classes, and take additional elective courses. More than 40% of MCHS students take advantage of an additional period each day.

Guidance and Academic Support Counselors: \$735,000

MBEF funds the Counseling and Student Academic Support (SAS) Program at Mira Costa. Counselors play an essential role for all students in academic guidance, personal counseling and life planning. When most schools have drastically reduced counselors, our ratios have improved to 263:1. The California average is 820:1.

Librarian: \$115,000

MBEF supports a full-time credentialed Librarian at Mira Costa. In addition to overseeing the library's collection, the Librarian maintains the Technology Research Lab and works with all teachers to help our students learn research and media literacy skills.

Math Teacher Leaders: \$60,000*

The transition to the Common Core State Standards in Math two years ago was a dramatic shift in mathematics education in California. Students need to accurately calculate equations, understand rather than memorize, and learn to select the best mathematical concept or equation to solve real-world problems, while demonstrating why the method or equation they selected is accurate. The new standards expect students to learn and absorb the critical information they need to succeed at higher levels. To support this transition, our District's teachers have participated in over 2 years

*Shift in 2017/18 Funding

of professional development guided by newly-created curriculum maps for each middle school course and high school Algebra I, Geometry, and Algebra II. To build math leadership capacity, MBEF will be funding a 20% Algebra I Coach, 20% Geometry Coach, and 20% Algebra II Coach. These courses, coupled with the MBMS Math 1-3 classes, are the foundation to secondary mathematics. With one teacher leader per course, these teachers can collaborate and coach their colleagues while also teaching those sections. This type of focused coaching/support allows teachers to strengthen skills without leaving their classrooms.

Science Lab Assistant: \$55,000

The Science Lab Assistant at Mira Costa supports science teachers by making lab instruction organized, efficient and innovative. In our state-of-the-art Math and Science building, the Lab Assistant helps teachers to strengthen student learning through hands-on projects and instruction.

Next Generation Science Standards Teacher Leader: \$23,000

Current best practices and teacher feedback indicate that modeling teaching practices in a “demonstration lab” is key to building a teacher’s capacity in the classroom. This model also creates a better system through which our District can provide teachers with pathways for growth without taking our best teachers out of the classroom. This year MBEF will continue to fund a teacher leader in science at MCHS to support the implementation of the Next Generation Science Standards (NGSS) in the classroom.

IMPRESSIVE RESULTS

Despite limited funding from the state, MBUSD continues to be among the top K-12 school districts statewide and our students gain access to a rich and diverse curriculum. We host LA County and California Teachers of the Year, award-winning Model UN, Robotics and Theater programs, Grammy award-winning Mira Costa Music program, Distinguished, Gold, Blue, and Green Ribbon Schools...the list goes on.

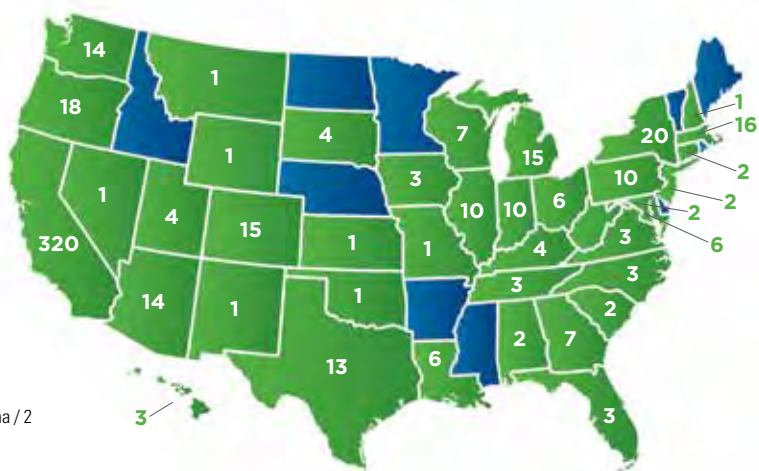

Mira Costa is ranked in the top 1% of U.S. Public High Schools by Newsweek and US News and World Report.

THE ADVENTURE BEGINS

2017 Mira Costa grads are attending 172 colleges and universities in 38 states and 9 countries. Great schools and great matches. MCHS College and Career Counselors are fully funded by donations to MBEF.

ENDOWMENT \$20M BY 2020 DONORS

Much of the success of our schools depends on the tremendous support from our community. Each year MBEF grants over \$6 million for educational programs throughout our District, most of which comes from annual donations from parents. When we look to the future of our schools, increasing the MBEF Endowment has significant advantages.

The Endowment creates an ongoing source of income. Because our Endowment provides a reliable source of income in perpetuity, MBEF can count on annual distributions to support grants, regardless of fluctuations in the economy or shortfalls in Sacramento. By growing the Endowment to \$20 million by 2020, it will disburse approximately \$1 million to our schools every year.

The Endowment relieves fundraising pressure on our Annual Appeal. Donations to the Annual Appeal have been the primary source of funding for enrichment programs in our schools. It is challenging to grow the Annual Appeal to meet increasing demand and costs. The Endowment provides additional support for MBEF's annual grants.

The Endowment upholds our donors' values and priorities. Our Endowment provides assurance that programs that are important to our donors will continue far into the future. As priorities change, so may the programs, but the funding will always be there.

Thank you to the following donors for their generous contributions to the MBEF Endowment through the \$20 Million by 2020 Campaign.

2016/2017 BUSINESS SPONSORS AND REAL ESTATE PARTNERS

The remarkable support of our local businesses and corporations is one of the reasons that Manhattan Beach is among the best places in the country to live, work and learn. When businesses invest in our schools through MBEF, they make our community better for everyone. Please support these businesses to thank them for their contribution to our community and our schools.

23RD ANNUAL MANHATTAN WINE AUCTION

We would like to thank the following sponsors for their generous support of the 2017 Manhattan Wine Auction. The Wine Auction is MBEF's only annual fundraising event and this year netted nearly \$1.8M to support MBEF and the Endowment. We are also grateful to all of the wine donors, auction donors, and in-kind donors who contributed to the success of the event.

For a complete listing of the 2017 Wine Auction supporters, please visit www.manhattanwineauction.com.

FALL CLASSIC GOLF TOURNAMENT

The inaugural Manhattan Beach Fall Classic Golf Tournament benefitting MBEF was a tremendous success, netting \$50,000 for our schools. Held at the prestigious Virginia Country Club in October 2016, the Fall Classic was a fun-filled day of world-class golf and friendly competition – all in support of our students and our schools.

Tremendous thanks to Event Chair Todd Klawin, Event Producer Moon Tide Media and Event Host Virginia Country Club for their support and partnership.

Thank you to the 1st Annual Fall Classic Presenting Sponsors:

Beach Cities Orthopedics and Sports Medicine

Cleveland Golf

Linksoul

Rusnak Maserati of South Bay

Jim Schlager and Moss Adams Wealth Advisors

Southbay Magazine

Srixon

We would also like to extend our sincere appreciation to the Team Captains, players, and the many in-kind donors who contributed to the event's success.

For a complete list of tournament supporters, and for more information on the event, please visit www.mbfallclassic.com.

MISSION STATEMENTS

MBEF MISSION STATEMENT

The Manhattan Beach Education Foundation is a community driven fundraising organization, which supplements state funding for programs that inspire learning, enrich teaching, and promote innovation and academic excellence in the public schools of Manhattan Beach.

MBEF ENDOWMENT MISSION STATEMENT

MBEF Endowment provides MBEF with a continuing and sustainable funding source that will expand and enhance the quality of public education in Manhattan Beach, now and for generations to come.

.....

All donations to MBEF and MBEF Endowment are tax-deductible to the extent allowed by law. For more information, please visit www.mbef.org or contact our team at **310-303-3342 / communications@mbef.org**.

MBEF is among a leading group of organizations that have attained a 4-star rating from Charity Navigator.
