

## EDUCATOR GRANTS

### 2022-2023

The MBEF Educator Grant Program was created to support excellence in our schools by empowering MBUSD educators with funding to implement projects that will enhance teaching and learning throughout the district. The program provides educators with the opportunity to re-define best practices, explore innovative and inclusive approaches to instruction, collaborate and partner with colleagues, and connect the wealth of knowledge, expertise and talent within the MBUSD community.

The MBEF Educator Grants are not intended to replace existing district funding – instead they serve as an opportunity to support pioneering ideas in our schools and provide funding for projects that may be beyond the scope of district or school site funding. Projects must align with department, school, and district goals, and therefore require approval through MBUSD administration at the appropriate school site.

#### **Educator Grant Criteria – Must Include At Least Three:**

- Demonstrate a strong curricular justification
- Support at least one MBUSD Board Goal
- Demonstrate potential for implementation beyond initial setting
- Include measurement of expected student outcomes
- Principal approval through application signature and/or email notification
- Supporting personal, professional, and organizational learning
- Include evidence of at least one of the following:
  - innovative teaching
  - project-based education
  - experiential learning
  - new technologies
  - character development
  - arts integration
  - inclusive and equitable community
  - understand, respect and celebrate all people

#### **Eligible Applicants**

All teachers, counselors and district leadership in the Manhattan Beach Unified School District are encouraged to apply. All applicants must have approval and support for their specific grant application from a supervisor. Grant proposals that demonstrate collaboration across grades, schools or disciplines are especially welcomed. It is our hope that successful grants will be replicated, shared, or adopted districtwide.

#### **Project Period**

All approved Educator Grant proposals must take place in the application year – before, during or after school.

#### **Grant Application Assessment and Evaluation**

Proposals must be submitted on the MBEF Educator Grant Application. Please be clear and concise in your responses and address all topics on the submission form, including information on **who** the program will benefit, **why** it is valuable to students, **how** it will be implemented, **what** is particularly innovative, and **when** it will be considered successful.

Each proposal is evaluated individually by each committee member and then further evaluated as a group during 1-2 scheduled meetings. Awardees will be listed on the MBEF website.

**OR**

- Receipt-Based Reimbursement. Requires submission of the MBUSD Reimbursement Form signed by your supervisor, plus original receipts. ### Final Evaluation Report

Reports are a critical and essential part of the grant process because they allow MBEF to share these exciting projects with the MBEF donor community, as well as serve to inspire new projects among fellow educators. Failure to complete the Final Evaluation Report Grant by June 30, 2023 may affect the potential for the grant to be funded again if re-submitted.

If you have any questions about the application or approval process, please contact MBEF Executive Director, Hilary Mahan, at [hilary@mbef.org](mailto:hilary@mbef.org).
